Presidents Message

Welcome To NEAA National Specialty week 2026 as we gather to celebrate our “Timeless Elkhounds”.

By popular demand, this year we will hold our inaugural 4–6-month beginner puppy competition. I hope you all come out to support the future of our Breed. Fast Cat has also been added to our competition events this year. Best of luck to all participating.

I hope to see you all at our TWO seminars this year, Corrective Breeding Presented by Patricia Trotter, on Wednesday evening, and a handling seminar by Linda Richard, Wednesday afternoon.

Your presence is also requested at the Annual meeting which will be held on Thursday at 8am in the Founder’s Room. Donuts and Coffee, Juice and Tea will be served. Join us for updates on Club matters as well as your chance to offer input. We hope to see you all there. We hope you will all join us for the Best of the Best Celebration, Junior Showmanship , and Veteran Sweepstakes Thursday evening.

This year our Annual Awards Banquet will be held at the Holiday Inn Six Flags (host hotel) , Friday evening following National Specialty judging. We look forward to judges’ comments as well as awards presentations.

All events and activities are included in the calendar of events in this catalog as well as posted in the Gateway Hall.

Thank you to all our committee chairs and volunteers for all your time and hard work making this week happen. We could not have done it without you!

Best of luck, one and all!!

SCHEDULE OF POINTS

For complete Conformation Championship requirements see Chapter 16 of the Rules Applying to Dog Shows

The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater. If no points are available for the Best of Winners, the number of regular class dogs in both sexes are added together and compared to the point schedule. If the total sum of regular class dogs and bitches meets or exceeds the number of competitors needed for one point in its sex; the Best of Winners will receive one championship point.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

SCHEDULE OF POINTS FOR DIVISION 15 - EFFECTIVE MAY 12, 2025

Division 15 is comprised of: Illinois, Iowa, Minnesota, Missouri, Wisconsin

Official Standard of the Norwegian Elkhound

General Appearance: The Norwegian Elkhound is a hardy gray hunting dog. In appearance, a typical northern dog of medium size and substance, square in profile, close coupled and balanced in proportions. The head is broad with prick ears, and the tail is tightly curled and carried over the back. The distinctive gray coat is dense and smooth lying. As a hunter, the Norwegian Elkhound has the courage, agility and stamina to hold moose and other big game at bay by barking and dodging attack, and the endurance to track for long hours in all weather over rough and varied terrain.

Size, Proportion, Substance: Height at the withers for dogs is 20½ inches, for bitches 19½ inches. Weight for dogs about 55 pounds, for bitches about 48 pounds. Square in profile and close coupled. Distance from brisket to ground appears to be half the height at the withers. Distance from forechest to rump equals the height at the Withers. Bone is substantial, without being coarse.

Head: Head broad at the ears, wedge shaped, strong and dry (without loose skin). Expression keen, alert, indicating a dog with great courage. Eyes very dark brown, medium in size, oval, not protruding. Ears set high, firm and erect, yet very mobile. Comparatively small; slightly taller than their width at the base with pointed (not rounded) tips. When the dog is alert, the orifices turn forward and the outer edges are vertical. When relaxed or showing affection, the ears go back, and the dog should not be penalized for doing this during the judge's examination. Viewed from the side, the forehead and back of the skull are only slightly arched; the stop not large, yet clearly defined. The muzzle is thickest at the base and, seen from above or from the side, tapers evenly without being pointed. The bridge of the nose is straight, parallel to and about the same length as the skull. Lips are tightly closed and teeth meet in a scissors bite.

Neck, Topline, Body: Neck of medium length, muscular, well set up with a slight arch and with no loose skin on the throat. Topline - The back is straight and strong from its high point at the withers to the root of the tail. The body is short and close-coupled with the rib cage accounting for most of its length. Chest deep and moderately broad; brisket level with points of elbows; and ribs well sprung. Loin short Short and wide with very little tuck-up. Tail set high, tightly curled, and carried over the the centerline of the back. It is thickly and closely haired, without brush, natural and-un-trimmed.

Forequarters: Shoulders sloping with elbows closely set on. Legs well under body and medium in length; substantial, but not coarse, in bone. Seen from the front, the legs appear straight and parallel. Single dewclaws are normally present. Feet-Paws comparatively small, slightly oval with tightly closed toes and thick pads. Pasterns are strong and only slightly bent. Feet turn neither in nor out.

Hindquarters: Moderate angulation at stifle and hock. Thighs are broad and well muscled. Seen from behind, legs are straight, strong and without dewclaws. Feet as in front.

Coat: Thick, hard, weather resisting and smooth lying; made up of soft, dense, woolly undercoat and coarse, straight covering hairs. Short and even on head, ears, and front of legs; longest on back of neck, buttocks and underside of tail. The coat is not altered by trimming, clipping or artificial treatment. Trimming of whiskers is optional. In the show ring, presentation in a natural, unaltered condition is essential.

Color: Gray, medium preferred, variations in shade determined by the length of black tips and quantity of guard hairs. Undercoat is clear light silver as are legs, stomach, buttocks, and underside of tail. The gray body color is darkest on the saddle, lighter on the chest, mane and distinctive harness mark (a band of longer guard hairs from shoulder to elbow). The muzzle, ears and tail tip are black. The black of the muzzle shades to lighter gray over the forehead and skull. Yellow or brown shading, white patches, indistinct or irregular markings, "sooty" coloring on the lower legs and light circles around the eyes are undesirable. Any overall color other than gray as described above, such as red, brown, solid black, white or other solid color, disqualifies.

Gait: Normal for an active dog constructed for agility and endurance. At a trot the stride is even and effortless; the back remains level. As the speed of the trot increases, front and rear legs converge equally in straight lines toward a centerline beneath the body, so that the pads appear to follow in the same tracks (single track). Front and rear quarters are well balanced in angulation and muscular-Development..

Temperament: In temperament, the Norwegian Elkhound is bold and energetic, an effective guardian yet normally friendly, with great dignity and independence of character.

Summary: The Norwegian Elkhound is a square and athletic member of the northern dog family. His unique coloring, weather resistant coat and stable disposition make him an ideal multipurpose dog at work or at play.

Disqualifications: An overall color other than gray.

The Norwegian Elkhound Association of America dedicates this 2026 National Specialty week to our members who left us this year. We are grateful for their contributions to our breed and the NEAA.

Bonnie Turner

Carol Slattery

Ray Beathard

Cotton Silverman

“We remember with gratitude those whose love for the Norwegian Elkhound strengthened our community and enriched our lives. Their devotion, their companionship, and the joy they shared remain with us.”

Carol Slattery

Carol Slattery was the glue of our breed. She was incredibly kind, generous, and educated in every aspect of her life. Anyone that crossed paths with Carol had a friend for life. If you were blessed to be loved by Carol, you were a family member. Her talent as a breed mentor and collaborator brought so many in our breed together. Many of us could probably credit Carol for our first meetings. If you were mentored by Carol, even just one conversation, you were touched by a passion coming from the deepest parts of her soul, the love of the breed and probably a good laugh too.

She could talk for hours about dogs but most of all about life. Her 45 years with Tom provided numerous adventures, stories she shared with her sharp wit and love in her eyes. She was extremely proud of the roles in politics she played through her life making an impact far beyond the dog world. The trail blazing path she took working for the State Of Minnesota Supreme Court as one of the first female computer programmers. She nurtured her childhood friendships, held her family (blood and chosen) close to her heart and would talk proudly of their accomplishments.

But rarely would she talk about her own accomplishments (darn Norwegians). She chaired numerous national specialties for NEAA. She was the NE News Editor for 5 years (2020-2025) and so many countless volunteer hours in other committees. Carol was also awarded the Ed Schlesinger Outstanding Service Award in 2008. She also put in tireless hours with the Norwegian Elkhound Association of Minnesota as a board member, editor, regional specialties and agility trials. And then her dog's accomplishments too. Owned by 12 Elkhounds for over 4 decades, her and Tom's dogs had uncommon victories for our breed, like Rookie getting an obedience Utility Dog title, or Vince, Flurry and Kat gaining massive notoriety in the agility ring. Breeding under the kennel Snojager, her choices were driven by staying true to the breed's working structure and with solid temperaments, successfully collaborating with Andrea Schokker, Leslie Forrest, Pat Viken, Kim Chislom and Karen Elvin. She was so proud of their momma dogs Flurry and Kat and stud dog Vince's offsprings successes, which were many. Her proudest moments were her heart-dog, Charlie, taking Best of Winners at the 2016 National under Norwegian Espen Engh. And her last puppy Hanna, at her first show at just 6 months, winning Best In Specialty from the classes at the 2022 NEAM Regional Specialty under Norwegian Ralf Campbell.

Carol's commitment to our breed and the work she did for so many clubs, is beyond most people's comprehension of what it means to be "involved" with your breed or the sport. Without generous and sharp contributors like Carol, things just don't happen or get done. There is no single person who could fill the hole she has left in our breed. We are grateful for all she did. We will miss her greatly, but we will remember her as **one of the best of us**.

Bonnie Turner

Veronica (Bonnie) Mary Thoms Turner was born on 10/31/1950 in the Bronx, NY. She passed away at home on June 7, 2025 with her husband of 56 years, Victor Allen Turner who has been diligently taking care of her during her 20 year battle with colorectal cancer.

Bonnie's family moved to Atlanta in 1962 where she met Victor several years later whom she married in 1969. They have 2 children and had many dogs including Turi, Tanquer, Mark, Silver, Trogan, Kodi, Mykel, Scarlett, and Tex.

She and Victor got their 1st Norwegian Elkhound from a pet store in 1975 and shortly afterwards got their first show dog from Paul and Nina Ross. She and Victor were hooked from then on. She met Jane Morris in '76 and not long after they started their breeding program and a close friendship that lasted 50 years.

Bonnie had many friends and found most through her love of dogs, dog shows, and later the political scene for animal legislation. She and Jane had many adventures together going to dog shows and breeding Elkhounds and she even found her writing wings through several publications in the dog world and got her judging license. She was known for her quick wit and always had fun, especially with Jane and Viki Lawton as they traveled all over for shows like sisters. Many group placements, specialties, and an All Breed BIS (w/Turi) came too.

She and Victor weathered many tribulations and misfortunes through the years yet both had incredible gumption to get through it all together. She was such a strong-willed person and was not going to let stage 4 colorectal cancer stop her in 2005. After many surgeries and treatments, she was able to get rid of cancer 3 separate times. She fought hard the fourth go around for the last 5 1/2 years and has been an incredible example to her family of willpower and strength. We will miss her greatly.

She finally has rest and peace and is with her family and beloved dogs.

Cotton Silverman

Once you met her, you would never forget her. Cotton's personality was bigger than life. She never met a stranger—everyone became an automatic friend. Her life was dedicated to helping others whether it was dog related or personal. With a Masters in Social Work, she was able to help so many with whatever problems or questions that one may have.

Cotton was a lifelong champion of Norwegian Elkhounds. She bred many litters, and trained in obedience and exhibited in conformation for over 60 years. Her main interest was in the obedience ring especially with CH Statton's Jaded Waters UD—Reja. He was one of the first Elkhounds that actually enjoyed obedience and always ended with a "pop" finish.

She and her late husband Stan were members of NEAA since the 1970's. Cotton had also served as president of NEMA, and more recently as president of Norwegian Elkhound Rescue and Referral of New England. She advocated for the breed she loved so dearly.

Cotton brought color wherever she went: crazy colored hair, mismatched earrings and tie-dye shirts. Her presence was larger than life. She made people laugh, feel seen and feel welcome. She leaves a legacy in the Elkhound community and a long list of dogs and humans whose lives were brighter because of her.

Ray Beathard

The Beathard's Parish Priest gave Ray's daughter a Norwegian Elkhound. Colleen Beathard, their daughter started showing the Norwegian Elkhounds. When their first Elkhound was diagnosed with cancer at the age of 8 years and passed away shortly thereafter, the Beathard's began their search for another Elkhound. They found that Elkhounds were not as common a breed as they had originally thought. But they were finally able to find breeders and

get into showing with Colleen as their handler. When Colleen got into high school, she got into boys and out of dog shows. So, Ray took up the lead and began showing the Elkhounds.

Ray was ever the spokesperson for the Norwegian Elkhound. And he loved to show them off in the AKC Conformation Ring. He was successful and really enjoyed it. It was extremely hard for Ray to sit ringside when back issues kept him from showing for even a short time. His wife, Merle was his constant support and ultimate groomer who kept his entries looking their best when they took Ray into the ring to compete.

Ray Beathard wore many hats over the years in his service to the Norwegian Elkhound Club of Greater Houston (NECGH). He held office as President, Vice President, and Board Member. Ray was the primary instigator for the NECGH hosting the NEAA National Specialty events not once but twice in Texas. Once was in his hometown of Houston and the other was at a special Events location in Hutton, TX. Both events were well attended, enjoyed by all and without incident - very successful. Ray also served as NEAA President from 2009-2011.

Ray was a competitor, a sportsman, a spokesman, and a friend. We will all miss him greatly. But the influence that he had within the NECGH and within the NEAA will live on to honor his memory.

DONATIONS TO RAFFLE/AUCTION

I want to thank everyone who offered up items for donation to the raffle and silent auction. The raffle/silent auction is a big event for both folks to try to add to their Norwegian Elkhound collection and money maker for NEAA.

It appears some have done some spring cleaning and are down-sizing their personal collections. One person's clutter is another person's treasure.

I would like to especially thank:

Vin-Melca - Pat Trotter for many exquisite collector pieces to go toward the Sebaceous Cyst research project through the Norwegian Elkhound Health & Education Foundation.

Longship - Kari Olsen for her well recognized artwork.

Wrathwood - Lynda Tarnowski of Thunder Bay, Ontario Canada. Lynda has been a member of NEAA since 1984 and a breeder since 1985.

Northwind - Dennis Frye of Ambridge PA, *in loving memory of his wife, Cecilia. Cecilia started in Elkhounds in 1974 from with a Russ and Karen Weir (Ruskar) dog. Cecilia was a long-time member of NEAA, board member, and a past 1988 NEAA show chair. She bred Northwind's Free Spirit, a 1989 all-breed BIS winner.*

Thanks to all for sharing your memories with us.

National Judge: Holly Lewis

Holly Lewis is a third-generation owner, breeder, and handler in the Lewis/Hall family. Her kennel, Somerri Norwegian Elkhounds, was established by her family in 1961. Holly began her journey in dogs at the age of five she joined the 4-H dog program, first training a Wire-haired Dachshund and later a Pembroke Welsh Corgi to some of the highest levels of 4-H obedience and showmanship.

She soon became a familiar face in both the Junior Showmanship and breed rings with her Norwegian Elkhounds. Holly ranked in the top four of the Norwegian Elkhound Association of America (NEAA) Junior Showmanship standings in all eight years she participated. In 2009 she was the NEAA's Top Winning Junior Handler and went on to win Best Junior Handler at both the 2010 Norwegian Elkhound National and Regional Specialties. Over the years she has handled numerous Elkhounds to their championships and group placements.

After aging out of the Junior Showmanship program, Holly quickly earned her Junior Showmanship judging license so she could continue supporting the next generation of junior handlers. She strongly believes judges should truly enjoy judging Junior Showmanship and helping young handlers grow in the sport.

Holly is a member of the Norwegian Elkhound Association of America, the Norwegian Elkhound Minuteman Association, and the Merrimack Valley Kennel Club. While completing her education, she remained active in the sport by working with local Elkhound breeders and handlers and attending as many shows as possible.

Holly earned her Doctor of Physical Therapy degree from the University of Pittsburgh in April 2020. She currently resides in New Hampshire, where she owns and operates her own physical therapy clinic while continuing her work with Norwegian Elkhounds in conformation, breeding, and performance events. Through her preservation breeding program, she remains committed to producing Elkhounds with sound health, stable temperament, and correct form and function so they continue to excel as both quality breeding stock and beloved family companions.

She has served on the NEAA Board of Directors since 2020 for two terms and currently holds the position of Recording Secretary. Throughout the years, Holly has been committed to supporting junior handlers by helping introduce new junior and 4-H programs at local shows, establishing junior membership within the parent club, making junior entries free at the annual Merrimack Valley KC conformation shows, and assisting with show clinics and mentorship opportunities.

Holly looks forward to continuing to support the breed through judging, mentorship, and service to the Norwegian Elkhound Association of America

Regional Judge: Paul Woito

My first elkhound arrived at my home in Quebec after a long flight from Washington state, in 1976.

Her first litter was born in 1978. This female was my first **CKC** conformation champion of record. Since then I've owned or bred +70 individual champions **CKC** a/o **AKC**. Many have had titles in both registries combining for about 100 titles.

I'm a member of both Canadian & U.S. national breed clubs, as well as the Michigan regional elkhound club.

I've judged Sweepstakes in both Canada & USA in past years. After decades in the trucking industry, I'm now enjoying retirement life. This includes summers in scenic northern Ontario and bright winters in central Texas.

Occasionally breeding these noble elkhounds remains a part of the enjoyment I gain from these dogs.

JUNIOR SHOWMANSHIP

*REGIONAL
Junior Showmanship Judge*
Ashley Ryan

I got started in the sport of purebred dogs when I was 11 years old showing Boxers. My parents didn't show dogs, so I got the interest by watching dog shows on TV, found a local kennel club and started taking handling classes. I was hooked ever since. I was the #1 Boxer Junior Handler in 2002, made it to the finals at the Westminster Kennel Club and won Best Junior Handler at Louisville Kennel Club in 2004 for a scholarship. I apprenticed under a professional handler for 6 years and he showed several Norwegian Elkhounds and that's when my love for the breed began. I knew I would love to have one someday, so I kept in contact with the breeder we showed for and ended up getting a Great Grandson to a dog we piloted to be the Number 1 Elkhound in the country in 2008.

I also enjoy traveling with my husband. We are making it a goal to visit all of our countries National Parks, they truly are extraordinary. The Grand Canyon and Dry Tortoguas are probably my favorites that we have visited thus far. We are also big foodies and enjoy our date nights.

I am honored to have been chosen to judge Junior Showmanship at your Regional Specialty.

CLASS DOGS AND BITCHES

National Conformation Judge

Mr. John Smedbakken

I was born in 1963, am married to Berit, and have been a show judge since 1999.

I am an approved group judge in Groups 4, 6 and 7, as well as a judge for a number of breeds in Group 5 within the FCI.

I sit on the exterior judging committee of the Norwegian Elkhound Clubs Association. I am an honorary member of the Osterdalen Elkhound Club.

I currently have two Norwegian Elkhounds myself. One of my Elkhounds is the Norwegian Hunting Champion, and the other is the Norwegian Hunting Champion, Norwegian Show Champion and Swedish Show Champion. We breed on a small scale, and have had 4 litters of Norwegian Elkhounds grey since 2020. I have passed hunting tests with all my dogs. I have been a judge for hunting tests for Elkhounds. I am also a hunting test judge for driving dogs.

I enjoy judging hunting dog breeds at shows. I believe that the exterior is of great importance for our hunting dogs to be able to perform their tasks in the forest and mountains in an effective manner. A correctly built dog has a greater chance of enduring many long days without being exposed to stress injuries. Movement means a lot to me with I judge shows.

Regional Conformation Judge

Mrs. Paula Nykiel

Paula Nykiel came to the judging world from the ranks of the breeder/owner-handler. She has been involved with the sport of purebred dogs for nearly 50 years.

She has bred over 50 Pointer Champions under her Sydmar banner, including the breed's All Time Top Producer, Ch. Sydmar the Heartless Wench. Paula owner-handled her Pointers to the #1 Ranking in 1978, 1979 and 1982.

She started judging in 1990, leaving breeding and showing behind. She is approved to judge the Sporting, Hound and Working Groups. Paula considers among her most important assignments the 35 National Specialties she was honored to judge as well as BIS at the 149th Westminster Kennel Club. International assignments include Sweden, Ireland, the United Kingdom, Italy, Australia, Canada and Mexico. Recently Paula was voted "Judge of the Year" for the 2023 Show dogs of the Year Awards.

Paula is a lifetime member of the American Pointer Club and current member of the Judges Education Committee. A founding and lifetime member of Missouri Rhineland Kennel Club and the Gateway Sporting Dog Association.

BEST OF THE BEST

Best of the Best Judge

Robin Rhoden

We welcomed our first Norwegian Elkhound in 1983: Windy Cove N Norelka Snowkist. She was a stunning girl, and although we weren't in a position to show dogs at the time, she captured our hearts and introduced us to the breed we would come to love. When she passed, we brought home Ch. Norelka's Caught in The Act, CD, OA. This time, we decided to try showing her—and we were instantly hooked. We bred our first litter in 1997. Since then, we have proudly bred 55 Champions. Among them are dogs who have achieved remarkable success, including:

- Best in Show winners
- Reserve Best in Show winners
- National Specialty accolades: Best of Breed (BOB), Select, Winners Dog (WD), Reserve Winners Bitch (RWB), numerous Awards of Merit (AOM), Futurity Winner, Maturity Winner, National Cavalcade - BOB, and 2 Winners Dog/Best of Winners (WD/BOW)
- 23 Regional Specialty winners
- NEAA Top Producing Bitch – 6 NEAA Top Winners
- #1 All-Breed winner and #1 Breed Point winner
- 14 Group winners and 19 Group placers
- 1 Gold Grand Champion (holding the most lifetime GCH points to date)
- 4 Silver Grand Champions
- 3 Bronze Grand Champions (including one who earned GCH in just one week)
- 7 additional Grand Champions
- Multiple Agility and Obedience titles
- BOB winners at both Westminster Kennel Club and AKC National Championship

Beyond conformation, obedience and agility competition, I have been deeply involved in the Norwegian Elkhound community. I served on the board of the Columbine Norwegian Elkhound Association and as its President. I also dedicated 10 years to the Norwegian Elkhound Association of America (NEAA) board, holding multiple positions—including two terms as President.

BEST OF THE BEST JUDGE

Nina Van Camp

My original breed is Pembroke Welsh Corgi. Got started in Conformation showing after a very brief stint exhibiting in obedience. I am a member of Pembroke Welsh Corgi parent club and several of the regional clubs.

I began judging Pembroke's in 1989 slowly adding additional Herding breeds though the years. Because so many of my travel "buddies" were Hound Fanciers they were the next group that I was approved to judge. Now I am also approved for the Toy Group and few other varied breeds that I greatly enjoy judging.

I have judged at varied region and national specialties for breeds in all 3 groups. I've always enjoyed judging events such as Best of the Best for other breeds. In judging them found out that I've learned a great deal more about that specific breed from those special events.

I appreciate the Norwegian Elkhound standard for its insightful, but not limiting, word "pictures of good and great examples of the breed.

Thanks to the Norwegian Elkhound Club for this great opportunity.

Versatile Elkhound Award*

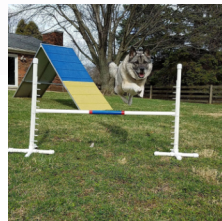

Dominique Mercurio was a strong advocate for performance events at our National Specialty, whether it was personally participating with her own dogs, generously working events, or advocating for new opportunities like Barn Hunt and Herding. She also loved her time in the breed ring and if she couldn't be out there on the other end of the lead, she made sure somebody else could show her dogs.

Through the gracious memorial donations made to the club on her behalf, NEAA has created the NEAA National Specialty Versatile Elkhound Award in memory of Dominique to honor her versatility legacy. This award will be presented to the dog, or dogs entered in the most events at the National. There is no need for a qualifying score or a placement, Dominique was about just trying and getting to work with your dog as a team, no matter the outcome.

Here's how it works:

- The conformation entry will count as one (but only one) and all classes qualify for that count, including such as Generations, Brace, Sweeps etc.
- Each separate Performance event entry counts as one. Example: an entry in agility and rally would count as 2 but an entry in 2 agility classes will only count as 1.
- So, the maximum score any team can receive is 6 (any conformation entry + Agility + Obedience + Rally + Scent Work + Fast Cat = 6)
- If there are multiple teams with the same top score, all those teams will receive the award.

We will present this award to the winner(s) at the awards banquet, so please plan on attending.

AGILITY HIGH IN TRIAL AWARDS FOR NORWEGIAN ELKHOUNDS ONLY

GUIDELINES AND RULES

All Norwegian Elkhounds competing in the Standard class and Jumpers with Weaves class; including all jump heights, are eligible for the NEAA High in Trial Awards. There will be two (2) High in Trial Awards - Regular height and Preferred height.

A dog must have a qualifying score from the Standard class or Jumpers with Weaves class to be eligible for a High In Trial Award.

ORDER OF CONSIDERATION FOR REGULAR OR PREFERRED NEAA HIGH IN TRIAL AWARD:

1. Dog/handler team with a double Q (qualifying score in Std and JWW)
2. Dog/handler team with a qualifying score in Std or JWW of 100.
3. Dog/handler team with a qualifying score of less than 100 in Std or JWW.

Within each of the Regular classes (STD and JWW) bonus points will be awarded based on the level of difficulty. The point allocation remains consistent across both the Regular and Preferred Divisions. In all team situations, the resulting highest score, following the point system below, wins the Agility High in Trial award for their division.

Master/ Excellent – 30 Points

Open – 20 Points

Novice – 10 Points

A scoring record for the Agility HIT awards will be kept at the trial indicating the armband number for each dog, the dog's call name, class level (Master/Excellent, Open, Novice) and Division (Regular or Preferred), Course time for each class, actual course running time in seconds, score, notation if a double Q was earned, and the final calculated score for HIT.

Points are also awarded for under Standard course time (rounded down). For example, if the SCT for the Standard course is 65 seconds and the dog run the course in 60.3, the difference would round down to 60 seconds, and the dog would earn 5 bonus points in addition to their point for their level. These points would be used if multiple dog/handler teams are tied on qualifying scores.

Example:

Dog 1 MASTER LEVEL

- Q in STD, SCT 65 sec, actual time 60.1, time points = 5 points
 - Q in JWW, SCT 45 sec, actual time 42.4, time points = 3 points
- Total Score: STD 35 points (30 + 5) / JWW 33 points (30 + 3)
TOTAL Score - 68

Dog 2 MASTER LEVEL

- Q in STD, SCT 65 sec, actual time 58.3, time points = 7 points
 - Q in JWW, SCT 45 sec, actual time 40.1, time points = 5 points
- Total Score: STD 37 points (30 + 7) / JWW 35 points (30 + 5)
TOTAL Score - 72

Dog 2 would win HIGH IN TRIAL for the level entered (Regular or Preferred)

OBEDIENCE / RALLY

National Obedience Regional Rally Judge

James Comunale

I am happy and honored to judge your NEAA event! I wish everyone participating to have a great experience and hopefully great results.

I have been involved in the sport of obedience for over 40 years. During that time I have been involved as a club member, worker, training director, officer, trial chairman and secretary (as well as a participant) with several clubs. For many years I competed heavily in the sport of Obedience, sometimes showing as much as 40 weekends a year, usually with two dogs in both Open and Utility. Through the years I have put the OTCH title on a number of dogs, including six Golden Retrievers and one Sheltie. I also had great fun with a Border Collie who taught me to be very humble!

In more recent years I have shown less, trained a bit less, and have judged quite a lot, which I thoroughly enjoy. No matter how much one judges there is always something special every weekend to enjoy, to be surprised by and sometimes even be amazed by! No two shows or ever exactly alike. Hopefully all of you here will have some good combination of enjoyment, surprise and amazement!

There is room in our sport for every level of achievement and every type of goal. Hopefully you'll achieve your goals during your event.

Regional Obedience Judge **Dr. Brenda Riemer**

I was introduced to the sport of Obedience in 1996, when my future spouse took me to her club's obedience trial. I had no idea what to expect and imagine my surprise when I was recruited to steward once I arrived! A year later I found a wonderful breeder of miniature Dachshunds. Trixie was my first obedience dog, and I retired her due to her not being able to launch herself over the 8" jump. During this time, I also fell in love with Shetland Sheepdogs, and my first Sheltie, Liza, earned her OTCH. My next Dachshund, Zelda, earned her CDX before retiring. I am now training and showing Sheltie Judy, who has earned her CDX and is looking forward to her utility debut. I am a member of the Ann Arbor Dog Training Club, Ann Arbor Kennel Club, Marshbanks Golden Retriever Club, and the Dachshund Club of America. I have been judging obedience since 2020. My passion lies in obedience, but I have also shown my dogs in agility, rally, earthdog, and Dachshund field trials. When I am not with dogs, I am a Professor of Sport Management at Eastern Michigan University.

National Rally Judge

Christine (Tina) Ward

After retiring from her career as a symphony musician, Tina's life has literally gone to the dogs. She lives with two contented English setters, one Golden Retriever, and one unflappable Siberian Forest cat.

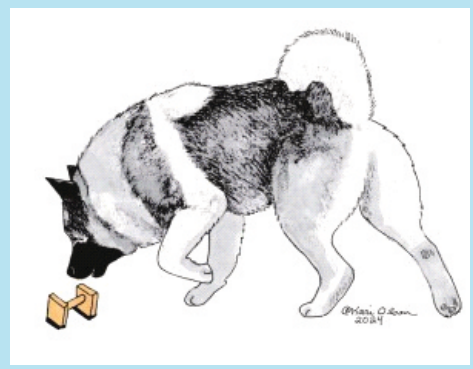

Tina shows canine and feline. She has shown her dogs in Conformation, Rally, Obedience, Agility and has had a hospice therapy dog.

She is an AKC Rally and Obedience judge, a CGC Evaluator, Certified Professional Dog Trainer (CPDT-KA) as well as the owner and head trainer of Bravo K9 Training, LLC, focused on handling skills for competition Obedience and Rally.

SCENT WORK

Scent Work Judge

Kathy Echols

I have been training and competing with dogs since 1993 and became a partner in the Columbia Canine Sports Center in 2002, teaching obedience, manners, agility, etc. I breed and compete with my Border Terriers in most AKC performance sports – rally, earth dog, scent work, tracking, obedience.

I became interested in how dog's use their noses via tracking in the late 1990s; eventually putting two Champion Tracker titles on two of my Border Terriers. Interest in tracking morphed into Nose Work around 2010 when the National Association of Canine Scent Work started their certified instructor program. I became one of their Certified Nose Work Instructors in 2011 and love to teach this sport. I am an AKC Scent Work and Earthdog judge, and an AKC CGC Evaluator.

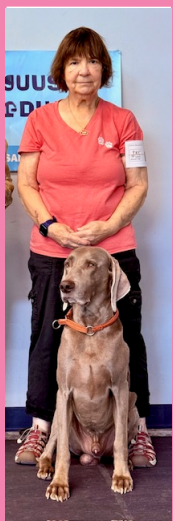

I love to watch dogs use their noses and look forward to judging your specialty.

Scent Work Judge

Mrs. Jamie Jo Sieveking

Jamie began with her first Weimaraner in 1989 as a pet, and soon more came into her life. The journey to dog training began when her first male was out of control and went through a back door window, nearly severing his leg. After convalescing she found a training program and he became her first working dog. She began competition obedience with him in 1995, and found her new passion. She has since titled many of her dogs in Conformation, Obedience, Rally, Tracking, Hunting, Scent Work, CGC, CGCA, and Tricks. She is currently active in the Weimaraner Club of America, Weimaraner Club of Greater St. Louis, and Columbia Missouri Kennel Club. She has served these clubs as a board member, show secretary, and show chairman. For the last 15-years she has been active as a project leader, trainer, and judge in numerous 4H Dog Programs.

Having been a competitor in Free Style Obedience exhibitions and Rally Obedience completions in other venues, the path was laid for her to continue to build on her skills as AKC Rally Obedience was forming into a sport. Since 2005 when Rally Obedience became a titling event she has been dedicated to the sport as one of the first Rally Obedience Judges. She has continued to title all her dogs in Rally Obedience over the

last 20-years. Also, she is a sought after as a local judge, and has judged many national specialty shows, as well as regional shows. She has continued to hone her skills as an instructor at the Columbia Canine Sports Center in Columbia MO for the last two decades, teaching Rally Obedience, Star Puppy classes, and Scent Work classes. Also, continues to write and present seminars on AKC Rally Obedience throughout the Midwest. These seminars are keeping competitors abreast of the current AKC Rally Obedience rules, as well as techniques to be successful in the sport.

SCENT WORK HIGH IN TRIAL

Only teams who participate in the same difficulty level in all elements offered (Container, Interior, Exterior, Buried, and qualify in each are eligible to win **High in Trial**. One High In Trial winner is chosen per difficulty level; there is no separate High In Trial for the Novice A and Novice B sections.

The High in Trial is determined by adding the team's faults across the elements. If there is a tie based on faults, then the team's times across the elements will be summed and the faster-finishing team will win.

The High in Trial award is not recorded by the AKC. Teams winning High In Trial will be awarded a special Rosette.

STAGING AREA, HANDLER'S BRIEFING, AND WARM-UP INFORMATION

Staging Area will be out of view of search area(s). Staging area will include warm-up and waiting area, as well as posting of running order.

The **Handler's Briefing** will take place in view of the search area prior to the start of each class, after the hide(s) have been set and after the Demo Dog has run. In the Handler's Briefing the judge will explain if there's an off-leash option, number of hides, maximum height of hides and maximum time for the search. NO DOGS are to be present during the Handler's Briefing.

Warm-up area: the club shall designate a warm-up area. One labeled container per target odor being used in the trial on that day will be placed in the warm-up area. This will allow handler-dog teams to prepare themselves for the search prior to their run. Each team should limit their warm-up to two minutes or less so that others may be able to use the warm-up area.

Possession of Odors and Training. Chapter 5. Section 35 of the Scent Work Regulations state "No person other than those engaged in the administration of a trial shall be in possession of any target odor when on the trial grounds. There shall be no training on the grounds of the AKC Scent Work trial, other than the designated "warm-up area".

EAST CAT

Fast CAT Test (FCAT)

ALL DOGS RUN AT OWNERS SOLE RISK!

CERTIFICATION

All exhibitors should obtain a copy of the Regulations for Fast CAT, by downloading them here:

[AKC FAST CAT RULES](#)

Fast CAT is an outdoor pass/fail test that consists of a 100-yard dash using a straight course or track. Dogs run singly and are required to reach the finish line. The dog's time to complete the course is converted into MPH and then to points based on height by using a handicap. The system is based on the dog's height at its withers:

18" or greater = handicap is 1.0

12" up to less than 18" = handicap is 1.5

Below 12" = handicap is 2.0

Conversion of Time to MPH is rounded to the nearest hundredth of a mile: $204.545/\text{dog's time} = \text{MPH Points}$
Timing will be done electronically, using break the beam equipment. The dog's time to complete the course is recorded to the nearest 1/100th of a second. (Example: 9.11 seconds)

Conversion of time to MPH is rounded to the nearest hundredth of a mile: $204.545/\text{dog's time} = \text{MPH Points}$ are earned by the dog's MPH multiplied by the dog's handicap.

A dog that relieves itself on course shall fail the test.

Handlers may not travel down the 100 yard course with the dog or just prior to the dog being released for its run; this includes inside and outside the fence

Handlers may not fun with the dog in the starting box.

Handlers may run within the catch area as their dog is running the course but may not cross the finish line.

Handlers must remain at either the start or the end of the course.

Cheering, clapping, calling your dog's name, whistling, and waving your arms from the end of the course or the start area is allowed. Noise making devices such as whistles, duck calls, electronic calls or other items of this nature are not permitted.

The use of toys, treats, flags or other items of this nature are not permitted while the dog is running the 100-yard course, however they may be used after the dog has crossed the finish line to assist in catching the dog.

Dogs must be caught at the completion of the course and cannot be recalled by their handler at the start line. Should a situation arise where the application of this Regulation is open for interpretation, the event committee shall decide how it will be handled.

It is safest for dogs to run "naked" which means they do not wear a collar. However, dogs may wear any collar except a choker collar, a collar with prongs, or an electronic training collar. The collar should be snug to minimize the changes of getting hung up on something during the run.

No tags or other objects can be attached to the collar unless they are taped up out of the way.

No flexi-leads are allowed to be used anywhere near the run area.

Owners may use clips or rubber bands to hold the dog's hair.

The owner assumes responsibility for the safety of the dog regarding the dog's collar and paraphernalia on the dog.

TITLES:

Dogs can earn three titles by accumulating points. These are suffix titles that will appear on a dog's Pedigree with a higher level title superseding a lower level title.

BCAT – Awarded to a dog that accumulates 150 points.

DCAT – Awarded to a dog that accumulates 500 points.

FCAT – Awarded to a dog that accumulates 1,000 points. For every 500 points over 1,000, the

TIPS FOR HANDLERS

Coursing is a physically demanding sport and can tax a dog's physical strength. Dogs that are old, have breathing or heart problems. Are overweight, or are out of condition may be a greater risk for injury and exhaustion. Consult your veterinarian if you have concerns.

Muzzles are not required but are permitted at the handler's discretion.

The Huntmaster

The Huntmaster is responsible for field safety and therefore they are in complete charge of all dogs and handlers on the field. In service to this responsibility, they have the authority to stop the lure in any potentially dangerous situation and signal the handler to retrieve the dog on the course. Listen to the Huntmaster and follow their instructions promptly and swiftly.

Aggressive Dogs

You are responsible for controlling your dog(s). If your dog(s) are not under control, you may be asked to leave the field. Any dog exhibiting aggression towards any person will be asked to leave immediately and a refund will not be issued. In this event, an aggressive dog form may be filled out and submitted to AKC.

Loose Dogs

There will be a \$5.00 fee assessed for any loose dog on the field that is not competing. Please respect the areas marked to be keep free of dogs. Please keep a hold of your dogs or put hem up somewhere safe between runs. There is a lot of excitement with other dogs barking and the bunny running. As a courtesy to other entrants, a testing dog should have a reliable recall.

A penalty of \$5.00 may be assessed for any dog causing a excessive delay of the event if it cannot be recalled or retrieved in a timely manner.

OVERNIGHT CAMPING GUIDELINES

- Campers* at Purina Farms must have a pre-reserved site in one of two designated RV lots – the Full-Service Lot behind the Purina Event Center or the Electric Only Main Show Field Lot – at Purina Farms. Sites can only be reserved for pull-behind trailers and motorhomes designed for overnight camping. Campers may not be parked in the regular vehicle parking lots.
- Sites 45-47 in the Electric Only Main Show Field Lot are authorized access only as determined by Purina Farms management.
- Unless otherwise noted, campers may begin arriving at 3pm on their check-in day for an event. Campers must vacate their sites by 6pm on their check-out day.
- Any campers arriving before their scheduled times (or those arriving without a reservation) may be placed in a holding lot by security or may be asked to leave if accommodations are unable to be made. Any campers placed in holding lots must vacate by 11 pm on the same day of arrival.
- Upon arrival at Purina Farms, campers must check-in with Purina Farms security at the front entrance gate to the property or call (636) 221-1428 to receive parking tags and camping information.
- Each camper will receive 3 parking tags good for one camper and 2 accompanying non-commercial vehicles (note that a tow vehicle would be considered one of the 2 accompanying vehicles). Accompanying vehicles may only be parked at the site when the site is occupied by the affiliated camper. The Full-Service Purina Event Center lot tags are red and the Electric Only Main Show Field Lot tags are yellow. Parking tags must be visible inside the vehicles at all times.
- A camper (only one camper unit per space), along with the 2 non-commercial vehicles, must fit within the size limits of each designated site. Campers and accompanying vehicles should not block roadways or they will be asked to move.
- Quiet hours are between 11 pm and 6 am. Campers with reservations coming in after 11 pm will be directed to a holding lot by security so as not to disrupt other overnight guests.
- Purina Farms security regularly monitors the lots and is available on property 24/7.
- In case of a medical emergency in one of the lots, call Purina Farms security (see important contact numbers) or 911.
- A blue light emergency station is available on the South side of the Purina Event Center.
- Guests needing medical attention should leave their camper's lights on allowing the response team to easily identify the appropriate vehicle.
- A camper **MUST** be checked on regularly if dogs are left unattended inside and there **MUST** be a reliable means to monitor the temperature in the vehicle. Purina reserves the right to remove any animals in distress from the vehicle.
- Other general items to note:
 - No parking on grass.
 - All dogs must remain on leash and supervised unless inside a vehicle or competing.
 - No pine shavings on any grass around the property.
 - Motorized vehicles, which includes golf carts, are not allowed except (i) when a medical condition or disability requires the use of one, or (ii) prior authorization is obtained from Purina Farms management and event organizers.
 - Open fires, including fire pits, are not allowed on the property.
 - Free WiFi is provided under our "guest network" and no password is required. The expectation is that each camper will abide by acceptable use guidelines in order to continue to have access to this resource.
 - Any false or inaccurate information provided when booking a reservation will result in the reservation being null and void with no refunds given.

Purina Farms reserves the right to ask any camper or accompanying vehicle occupant(s) without appropriate documentation, or those in violation of these guidelines, to leave the property. Unauthorized vehicles may be towed without further notice and at the owner's expense.

INCLEMENT WEATHER

In the event a severe weather or tornado warning is issued for the immediate area, Site Security will notify the Purina Farms management team. The team will notify guests of an impending weather event via the property-wide public address system. Public service announcements should also come via the storm siren and announcements. Guests will be asked to seek cover in designated areas marked as severe weather shelter areas inside the Purina Farms facilities (those in the outdoor event areas should seek cover in one of the indoor facilities on the property). Areas at the Purina Event Center include the Gateway Hall, restrooms, South stairwell and the Great Hall if necessary. At the Visitor Center, this includes the bathrooms, indoor theater and the hallway near the front information desk. After the weather event ends, Purina Farms management teams will announce all clear.

- If weather is extreme after-hours, then security will unlock the Purina Event Center to allow overnight guests to come into the building with dogs at any time. The service center is also open 24/7 for campers to seek shelter.
- Should the weather look threatening, Purina Farms Security will go around the lots to notify overnight guests to seek shelter. Security will also visit the outdoor event areas around the property to let
